Dear Sir

Thank you very much for the kind donations of food to House of Life. We are excited that you are partnering with this vision and deeply appreciate your decision to assist us in feeding the hungry and destitute.

This is indeed an answer to prayer as the number of people we serve daily has grown tremendously. We try our best not to turn people away in their dire need. These donations are enabling us to continue this work.

The Lord richly bless you and your organisation. May you grow from strength to strength.

Warm regards and blessings
